

# CoTeach Agreement

## ***Supporting project based learning at the UTC***

The purpose of CoTeach is to deliver a structured engagement experience for students at the UTC, so that they meet industry professionals, and identify the relevance of their learning to the working world in a positive way

CoTeach should be aspirational – fun, interesting, challenging, surprising, motivational, engaging

### **As a UTC, we agree to:**

- Assign a UTC teacher who will serve as your primary point of contact and support you in understanding the learning aims of the curriculum, the structure of a lesson, and how to plan in advance to deliver an engaging experience
- Provide you with access to students via work experience placements, careers fairs, careers talks

### **As a Partner, you agree to:**

- Commit the resources need to support the delivery of a successful CoTeach project
- Ensure the person/people you choose for the CoTeach project are enthusiastic about working in a classroom environment

### **As a partner representative, you agree to:**

- Work closely with the UTC teacher to define and design an engaging project that meets the learning aims of the curriculum and that maintains the high standard of teaching expected within a UTC environment
- Commit to creating and delivering a CoTeach project with a minimum of 6 x half-day visits to the UTC
- Produce professional documentation and supporting materials that support the CoTeach project

### **As a UTC teacher, you agree to:**

- Communicate promptly and professionally with the partner
- Support the partner in understanding the education landscape in order to produce a real world project that meets the learning aims of the curriculum in the UTC
- Provide guidance and feedback on the project specification that is written by the partner
- Manage the classroom environment to ensure that the partner is able to enjoy a rewarding experience in the classroom

### **As a UTC student, you agree to:**

- Be attentive at all times, and seek to achieve the learning aims of the CoTeach project
- Complete work on time in order to present your final project to the partner in line with the schedule
